Additional Comments:

Please note the email clarifying bond information and the corresponding schedule of debt, as stated in my ABO email correspondence 4/1/15: As was discussed with you this afternoon, the problem with the CRC Bond Information screen has been fixed by OSC and the bonds are now appearing in the 2014 Annual Reports Bond Information screen. There is a 3rd bond that should be added. You added this to the New Debt screen in 2013, but it should have also been added as a new bond in the 2013 Bond Information screen. We are requesting that you add this bond in 2014 as a new bond since we do not want to open the 2013 report due to the rollover issues that occurred. Also, regarding your schedule of debt for the start of the fiscal year being incorrect, this is because an error was made in 2012. It is ABO policy to not go back and open several years of reports in order to make this correction. As we discussed, in order to get to the correct end of year debt amount, please adjust the debt retired amount. Please make a note in the submittal screen that you made this adjustment as the starting figure was incorrect.Many thanks to Holly from the ABO, who patiently addressed our joint concerns, and provided a path for accurate reporting of our annual report.
