Article 15 - URBAN RENEWAL

§ 500. Short title. This chapter shall be known and may be cited and referred to as the "urban renewal law."

§ 501. Policy and purposes of article. There exist in many municipalities within this state residential, non-residential, commercial, industrial or vacant areas, and combinations thereof, which are slum or blighted, or which are becoming slum or blighted areas because of substandard, insanitary, deteriorated or deteriorating conditions, factors, and characteristics, with or without tangible physical blight. The existence of such areas constitutes a serious and growing menace, is injurious to the public safety, health, morals and welfare, contributes increasingly to the spread of crime, juvenile delinquency and disease, necessitates excessive and disproportionate expenditures of public funds for all forms of public service and constitutes a negative influence on adjacent properties impairing their economic soundness and stability, thereby threatening the source of public revenues.

In order to protect and promote the safety, health, morals and welfare of the people of the state and to promote the sound growth and development of our municipalities, it is necessary to correct such substandard, insanitary, blighted, deteriorated or deteriorating conditions, factors and characteristics by the clearance, replanning, reconstruction, redevelopment, rehabilitation, restoration or conservation of such areas, the undertaking of public and private improvement programs related thereto and the encouragement of participation in these programs by private enterprise.

It is necessary for the accomplishment of such purposes to grant municipalities of this state the rights and powers provided in this article. The use of such rights and powers to correct such conditions, factors and characteristics and to eliminate or prevent the development and spread of deterioration and blight through the clearance, replanning, reconstruction, rehabilitation, conservation or renewal of such areas, for residential, commercial, industrial, community, public and other uses is a public use and public purpose essential to the public interest, and for which public funds may be expended.

§ 503-a. Cooperation with agencies. For the purpose of aiding an agency established pursuant to the provisions of article fifteen-A of this chapter a municipality may:

1. Delegate to such agency such of its powers enumerated under section five hundred three of this article as it may deem appropriate, necessary or desirable to effectuate the purposes and provisions of this article and as are not inconsistent with the powers reserved to the governing body or the commission under this article or the powers granted to such agencies in article fifteen-A of this chapter.

2. Enter into agreements with such agency respecting action to be taken by the municipality to assist such agency in carrying out and effectuating the purposes and provisions of this article and of article fifteen-A of this chapter. Any guarantee by a municipality of indebtedness contracted by such agency shall be authorized by a resolution of the finance board of the municipality (as defined in the local finance law), which resolution shall be adopted by at least a two-thirds vote of the total voting strength of the finance board and shall prescribe the manner in which such guarantee shall be evidenced. § 504. Site designation. An area shall be designated by the governing body, or by the commission where so authorized to act by the governing body, on its own initiative or on petition of the owners in fee of not less than fifty-one per cent of the land (excluding publicly owned land) or upon recommendation of the agency, upon a finding that such area is appropriate for urban renewal as defined in subdivision three of section five hundred two of this article. Said certification of abandonment may be made if such municipality or agency finds that: (a) all or a part of the subject property lies within an area that has been designated by the governing body as in need of urban renewal, pursuant to such section five hundred four; (b) the subject property has been vacant for sixty consecutive days; and, (c) in the opinion of the certifying municipality or agency the subject property has become a danger to life, public health or public safety and/or has, because of its physical condition and appearance, caused a blighting influence to surrounding properties and is adversely affecting neighborhood property values.

3. Said premises shall be deemed vacant within the meaning of paragraph (b) of subdivision two of this section if three or more of the following conditions exist: (a) termination of service by the lighting company, which termination has lasted for fifteen days; or (b) termination of telephone service by the telephone company, which termination has lasted for fifteen days; or (c) failure to maintain the premises in reasonably good repair; or (d) information from the neighbors that the premises have been vacant for sixty days or more; or (e) accumulation of mail at the premises; or (f) blatant evidence of vandalism; or (g) lack of furnishings inside the premises.

4. 5. All other parties to the lawsuit, other than record owners, shall be served with the summons and verified complaint as presently provided in the CPLR.

§ 505. Urban renewal plan and approval thereof. 1. Following the designation of an area pursuant to section five hundred four of this article, the agency shall prepare or cause to be prepared an urban renewal plan for such area in its entirety or, where the designated area is of such scope that the agency deems it necessary or advisable to have the urban renewal activities to be undertaken therein carried out in stages, an urban renewal plan for a part or portion of such designated area.

2. The urban renewal plan for the designated area, or for a part or portion of such area, shall be submitted to the commission which shall certify, after a public hearing held on due notice, whether such plan complies with the provisions of subdivision seven of section five hundred two of this article and conforms to the finding made pursuant to section five hundred four of this article. The commission shall submit its report to the governing body, not later than ten weeks from the date of referral of the plan to it, certifying its unqualified approval, its disapproval, or its qualified approval with recommendations for modifications therein.

3. After a public hearing, held on due notice after the report is received or due from the commission, the governing body may:

(a) if the commission shall have certified its unqualified approval, approve the plan by a majority vote;

(b) if the commission shall have certified its disapproval or shall have failed to make its report within ten weeks from the date such plan was submitted to it by the agency, nevertheless approve the plan, but only by a three-fourths vote;

(c) if the commission shall have certified its qualified approval together with recommendations for modifications, approve the plan together with the modifications recommended by the commission by a majority vote, or approve the

General Municipal Law
Articles 15 & 18-A, Title 1

plan without such modifications but only by a three-fourths vote.

4. Upon approving the urban renewal plan for the designated area, or for a part or portion of such area, with or without modifications recommended by the commission, the governing body shall by resolution find that:

(a) The area is a substandard or insanitary area, or is in danger of becoming a substandard or insanitary area and tends to impair or arrest the sound growth and development of the municipality.

(b) The financial aid to be provided to the municipality is necessary to enable the project to be undertaken in accordance with the plan.

(c) The plan affords maximum opportunity to private enterprise, consistent with the sound needs of the municipality as a whole, for the undertaking of an urban renewal program.

(d) The plan conforms to a comprehensive community plan for the development of the municipality as a whole.

(e) There is a feasible method for the relocation of families and individuals displaced from the urban renewal area into decent, safe and sanitary dwellings, which are or will be provided in the urban renewal area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, at rents or prices within the financial means of such families or individuals, and reasonably accessible to their places of employment.

Upon approving an urban renewal plan for a part or portion of a designated area, the governing body shall, in addition to the foregoing, also find that the undertaking and carrying out of the urban renewal activities in stages is in the best public interest and will not cause any additional or increased hardship to the residents of such designated area.

5. In a city having a population of one million or more, any action of the council approving an urban renewal plan shall be filed with the mayor within five days of such action for approval or disapproval.

§ 506. Acquisition of property. 1. The acquisition of real property within a designated urban renewal area shall in every case be deemed to be and constitute a continuous rather than separate takings.

(b) Property so acquired by a municipality shall be exempt from taxation until sold, leased for a term not exceeding ninety-nine years or otherwise disposed of in accordance with the provisions of this article of this chapter; provided however, that any such municipality shall have the power and authority, with respect to such property, to pay or transfer, out of funds available to it for the effectuating of such urban renewal program, annual sums in lieu of taxes to any taxing jurisdiction providing services to the urban renewal area, or to the part or portion thereof within such taxing jurisdiction, in order that no such taxing jurisdiction shall suffer an inequitable loss of revenue by virtue of such urban renewal program; provided, further, that the amount so paid or transferred for any year with respect to any such property shall not exceed the lesser of (1) the sum last levied for the benefit of such taxing jurisdiction as an annual tax on such property prior to the time of its acquisition for urban renewal purposes or (2) such amount as shall be approved by the commissioner, pursuant to such rules, regulations, limitations and conditions as he may prescribe, as an eligible and proper charge against such urban renewal program. Upon the sale, lease or disposition of such property to any person, firm or corporation not entitled to an exemption from taxation or entitled to only a partial tax exemption such property shall immediately become subject to taxation in whole or in part, as the case may be, and shall be taxed pro rata for the unexpired portion of the taxable year.

As used in this paragraph, the term "taxing jurisdiction" means any municipal corporation or district corporation, including any school district or any special district, having the power to levy or collect taxes and benefit assessments upon real property, or in whose behalf such taxes or benefit assessments may be levied or collected.

c. Notwithstanding any other provisions of this article, a municipality may

General Municipal Law
Articles 15 & 18-A, Title 1

acquire by purchase, gift, devise, lease, condemnation or otherwise, upon recommendation of the agency and in accordance with the appropriate provisions of any general, special or local law or charter applicable to the acquisition of real property by such municipality, such real property or any interest therein, within an area designated pursuant to this article as appropriate for urban renewal, as it may deem ultimately necessary or proper to effectuate the purposes of this article although temporarily not required for such purposes, provided that the early acquisition of such property is approved as follows:

(1) In a municipality where there is a planning commission, the agency shall submit the proposal for early acquisition to the commission for its approval. Such planning commission shall, not later than ten weeks from the date of the referral of the proposal to it, after a public hearing held on due notice, submit its report to the governing body certifying its unqualified consent, its disapproval, or its qualified consent with recommendations for modifications of the proposal.

After public hearing held on due notice after the report is received or due from the planning commission, the governing body may:

(i) if the commission shall have certified its unqualified consent, approve the proposal by a majority vote:

(ii) if the commission shall have certified its disapproval or shall have failed to make its report within ten weeks from the date such proposal was submitted to it by the agency, nevertheless approve the proposal, but only by a three-fourths vote:

(iii) if the commission shall have certified its qualified consent together with recommendations for modifications of the proposal, approve the proposal together with the modifications recommended by the commission by a majority vote, or approve the proposal without such modifications but only by a three-fourths vote.

(2) In a municipality where there is no planning commission, the agency shall submit the proposal to the governing body which, after public hearing held on due notice, may either approve or disapprove the proposal.

§ 507. Disposition of property. 1. In addition to employing any other lawful method of utilizing or disposing of any real property, and appurtenances thereto or any interest therein owned by a municipality or acquired by it pursuant to section five hundred six of this article, a municipality may sell, lease for a term not exceeding ninety-nine years, or otherwise dispose of any such real

Articles 15 & 18-A, Title 1

property and appurtenances thereto, to any person, firm or corporation at the highest marketable price or rental at public auction or by sealed bids pursuant to the provisions of any general, special or local laws applicable to the sale or disposition of real property by said municipality.

2. Notwithstanding anything to the contrary contained in this article and notwithstanding the provisions of any general, special or local law applicable to the sale of real property by a municipality, such real property and appurtenances thereto may be sold, leased for a term not exceeding ninety-nine years or otherwise disposed of for the effectuation of any of the purposes of the urban renewal program in accordance with the urban renewal plan:

(a) to any limited profit housing company organized pursuant to the provisions of article two of the private housing finance law without public auction or sealed bids;

In the event that such qualified and eligible sponsor does not agree to pay the minimum price or rental fixed by the agency or fails to match any higher bid than such minimum price or rental, a municipality may, in its sole discretion and only if consistent with the urban renewal plan, sell or lease for a term not exceeding ninety-nine years any such real property and appurtenances thereto, to any person, firm or corporation, the property acquired from such person, firm or corporation or

General Municipal Law
Articles 15 & 18-A, Title 1

(d) to any person, firm or corporation designated by the agency as a qualified and eligible sponsor pursuant to the provisions of clause (1) of subsection (c) of this subdivision without public auction or sealed bids, provided that (1) the price or rental to be paid by such sponsor for such property and all other essential terms and conditions of such sale, lease or other disposition shall be included in the notice published by the agency pursuant to the said clause (1) of subsection (c) of this subdivision, (2) that such sale, lease or other disposition be approved by the governing body after a public hearing held not less than ten days after the publication of such notice, and (3) such sale, lease or other disposition shall, in the case of projects aided by a state loan, periodic subsidy or capital grant or in which application has been made for such loan, subsidy or grant, be approved by the commissioner.

(e) for the effectuation of any of the purposes of the urban renewal program and in accordance with the urban renewal plan, a municipality may grant, sell, convey or lease, without public hearing or public letting, to a public utility subject to the jurisdiction of the public service commission, for construction and maintenance of public utility systems, and the conduct and operation thereof, for such length of time as it may deem advisable, franchises, easements or rights of ways, in, over, below, along or across any lands acquired by the municipality pursuant to this article, upon such terms and conditions, for such consideration and subject to such restrictions as in the judgment of its governing body shall seem proper, provided, the governing body shall first determine that the use and enjoyment for such purposes of such lands is not inconsistent with the purposes and provisions of the urban renewal plan.

3. Any deed, lease or instrument by which real property and appurtenances thereto, or air rights and concomitant easements or other rights of user necessary for the use and development of such air rights over streets, alleys, highways or other public rights of way, railway or subway tracks, bridge or tunnel approaches or entrances, or other similar facilities, or air rights sites and necessary sitework, the foundations and platforms constructed or to be constructed in connection therewith, or any interest therein is conveyed or disposed of pursuant to this section shall contain provisions requiring the purchaser, lessee or grantee to replan, clear, rehabilitate, restore, renew, conserve, improve, reconstruct or redevelop such property in accordance with the urban renewal plan as approved by the governing body and within a definite and reasonable period of time subject to the terms of the contract relating thereto between the municipality and the sponsor, and provisions insuring the use of such real property for purposes consistent with such urban renewal plan.

General Municipal Law
Articles 15 & 18-A, Title 1

4. (a) Leases authorized by this section may contain provisions subordinating the fee interest of a municipality to a sponsor for purposes of pledging or assigning such fee interest to the primary leasehold mortgagee of said lease, provided that the amount to which the fee is subordinated shall not exceed the lessee's cost of completing its obligation to replan, clear, rehabilitate, restore, renew, conserve, improve, reconstruct or redevelop such property in accordance with the lease provisions.

(b) A municipality may execute such instruments as may be required to implement the provisions of this subdivision.

(c) Leases and such other instruments as may be required shall contain provisions stating that (1) the municipality shall assume no liability for any debt underlying the pledge or assignment of the fee interest; (2) the municipality, at its option, may satisfy any obligation for which the fee interest is assigned or pledged; and (3) no foreclosure action shall be maintained against such subordinated fee interest until the obligation of the sponsor to replan, clear, rehabilitate, restore, renew, conserve, improve, reconstruct or redevelop such property has been completed in accordance with the lease provisions.

(d) A municipality shall not subordinate its fee interest, as authorized by this subdivision, to any leasehold mortgagee if the municipal fee interest is to be assigned or pledged to another governmental agency, public authority or public benefit corporation created and organized for the purpose of providing primary or secondary financial assistance for commercial, industrial or business development.

5. In a city having a population of one million or more, the governing body may, as part of its review of the land use impact and implications of a disposition of property for residential use proposed to be made pursuant to this section, incorporate into its approval any or all of the following: (i) the number of residential units; (ii) whether such units are home ownership units, rental units or condominium or cooperative units; (iii) the estimated initial rents or selling prices for such units; (iv) income restrictions, if any, on renters or purchasers of such units; and (v) the basis on which the consideration for the sale or lease of the property is to be determined; provided, however, that this subdivision shall not apply to the extent an approved urban renewal plan incorporates such items.

§ 508. State loans. 1. The commissioner may, in the name of the state, make or contract to make loans to a municipality to assist such municipality to establish and carry out one or more programs of urban renewal. No such loan shall be made where the municipality has contracted with the federal government for a capital grant prior to the thirtieth of April, nineteen hundred fifty-nine; provided,

General Municipal Law
Articles 15 & 18-A, Title 1

however, that such a loan may be made with respect to that part of any program which has been added, or with respect to which the federal capital grant has been increased, pursuant to a contract or contract amendment entered into with the federal government after such date. All such loan contracts shall be subject to approval by the state comptroller, and by the attorney general as to form. Any such loan shall be in such amount, not exceeding one-half of the local grants-in-aid which the municipality has agreed to make under the provisions of the contract for federal aid, as the commissioner, in his discretion, may deem necessary to assist the municipality in discharging its obligations in connection with the urban renewal program for which the loan shall be made. No municipality shall receive any such loan until (a) the urban renewal plan has been approved by the governing body, (b) the program set forth in such plan has been certified as eligible for federal assistance by the housing and home finance agency of the federal government, and (c) the governing body and the comptroller of the municipality, or in a municipality having no comptroller, the chief financial officer of such municipality, have attached their separate approvals to the loan contract. The commissioner may make temporary advances to such municipality in anticipation of any such loan, and no such temporary advance shall be deemed to constitute part of such loan unless such temporary advance has been made out of the proceeds of definitive urban renewal bonds sold by the state pursuant to section sixty of the state finance law.

2. Loans shall be made at the rate of interest paid or to be paid by the state for the funds loaned to the municipality, plus a proportionate share of the actual direct cost of the borrowing as certified by the state comptroller. Each such loan shall be repaid in equal annual installments over or within a period not to exceed twenty-five years. Each installment shall equal the amount payable by the state for moneys borrowed for the loan and shall be paid by the municipality not later than five days before each such payment by the state is required.

3. Should the municipality fail to make payment of interest or principal upon any due date, the state comptroller may deduct and retain from any moneys otherwise payable by the state to such municipality, the amount of such interest and principal and credit such municipality with the amount of such deduction.

4. All or any part of the sum which the commissioner has contracted to lend to the municipality may, with the consent of the commissioner, be borrowed by the municipality from sources other than the state under such terms and conditions as the commissioner shall approve, but such borrowing shall not constitute a waiver or surrender of the rights of the municipality under its loan contract made with the commissioner.

§ 509. Periodic subsidies. 1. The commissioner may, in the name of the state,

General Municipal Law
Articles 15 & 18-A, Title 1

make or contract to make periodic subsidies to a municipality to assist such municipality in carrying out one or more programs of urban renewal, subject to the limitations contained in the first paragraph of section seventy-three of the public housing law, in this section and in any other law applicable thereto. Such subsidies shall be applied by the municipality only for the purpose of paying the principal and interest on the state loan for the urban renewal program or on loans from other sources pursuant to subdivision three of this section.

2. The periodic subsidy for each program of urban renewal shall be payable to the municipality on an annual basis over the period of the state loan for the urban renewal program, commencing on the date provided for in the loan contract made with the commissioner, in a total amount determined by the commissioner but no greater than the sum due to the state for principal and interest on the state loan for such program. The amount of such payments need not be uniform and portions of the periodic subsidy payable for any one year may be paid from time to time as required.

3. Where all or any part of the sum which the commissioner has contracted to lend to the municipality is borrowed by the municipality from sources other than the state, the periodic subsidy contracted for pursuant to subdivision one of this section may be used by the municipality for the payment of such loans obtained from such sources for the program to which such periodic subsidies relate, provided the terms and conditions of such loans have been approved by the commissioner. Such periodic subsidies shall also be payable to the municipality on an annual basis over a fixed period of years not exceeding the probable life of such program, in a total amount determined by the commissioner but no greater than the sum due to such lenders for principal and interest on such loan, commencing on the date provided for in the loan contract made with the commissioner. Notwithstanding any other provision of any general or special law, the contract for such loan from sources other than the state shall provide that upon any date when an installment of principal shall become due and payable the municipality may anticipate any installment which would otherwise become due and payable thereafter.

4. The faith of the state is pledged to the payment of all periodic subsidies contracted for by the commissioner. Such periodic subsidies shall be paid upon the audit and warrant of the state comptroller upon vouchers approved by the commissioner.

§ 510. State capital grants. 1. In lieu of making or contracting to make a loan or periodic subsidy, or both, pursuant to sections five hundred eight and five hundred nine of this article, the commissioner may in the name of the state,

(a) in the case of municipalities which have contracted with the federal

General Municipal Law
Articles 15 & 18-A, Title 1

government for a capital grant (or for a loan and grant) subsequent to the thirty-first day of December, nineteen hundred sixty, make or contract to make, within appropriations therefor, a state capital grant to such municipality to assist in carrying out one or more programs of urban renewal; provided, however, that such state capital grant may be made with respect to that part of any program which has been added, or with respect to which the federal capital grant, or loan and grant, has been increased, pursuant to a contract or contract amendment entered into with the federal government, after such date;

(b) in the case of municipalities which have not made application to or entered into a contract with the federal government for advances, loans or grant, with respect to a specific urban renewal project, make or contract to make a state capital grant, within appropriations therefor, to such municipality to assist in meeting the cost of surveys and plans for such project and the administrative and other related expenditures to be incurred in undertaking and completing such project.

All contracts for such state capital grants shall be subject to approval by the state comptroller, and by the attorney general as to form. The commissioner may make advances or progress payments on account of any state capital grant contracted to be made pursuant to this section and such advances or payments shall not constitute periodic subsidies.

2. Any such state capital grant shall be in such amount, within appropriations therefor, as the commissioner, in his discretion, may deem necessary to assist the municipality in discharging its obligations in connection with the program for which the grant shall be made; provided, however, that no such grant shall exceed one-half of the net cost of such program to the municipality, exclusive of any federal aid or assistance, as such net costs shall be certified by the municipality and approved by the commissioner. If the municipality has not applied to or entered into a contract with the federal government for advances, loans or grants for a specific project, such grant shall not in any event exceed five hundred thousand dollars (\$500,000).

3. No municipality shall receive any such state capital grant until (a) the urban renewal plan has been approved by the governing body, (b) the program set forth in such plan has been certified as eligible for federal assistance by the appropriate federal agency, or the governing body has found that such federal financial assistance is not necessary for the undertaking and successful completion of the program set forth in such plan, and (c) the governing body and the comptroller, or in a municipality having no comptroller, the chief financial officer, have attached their separate approvals to the grant contract. The commissioner may make temporary advances to such municipality in anticipation of any such grant.

General Municipal Law
Articles 15 & 18-A, Title 1

4. Notwithstanding anything contained in this section or in section five hundred thirteen of this article to the contrary, the commissioner may in the name of the state, within appropriations heretofore or hereafter made for state capital grants to assist in carrying out one or more local urban renewal programs, make or contract to make advances of funds to municipalities, in anticipation of any such state capital grant, to assist such municipalities in preparing preliminary economic and physical plans for relocation housing, regulated by law or contract as to rents, for persons and families to be displaced by the urban renewal program whose housing needs cannot be met by the unaided operations of private enterprise. Upon completion such plans shall be filed with the commissioner.

No such contract or advance shall be made (a) before an urban renewal area, to whose residents such relocation housing relates, has been designated pursuant to section five hundred four of this article; (b) unless the governing body has certified that the preparation of preliminary plans for such relocation housing is necessary to the making of a finding, pursuant to section five hundred five of this article, as to the existence of a feasible method of relocation; and (c) in excess of the lowest of the following amounts:

(i) the actual cost of preparation of such preliminary plans;

(ii) one-half of one per cent of the estimated construction cost of the proposed relocation housing;

(iii) twenty-five thousand dollars; and every such advance shall be repaid out of any state capital grant which may become payable to the municipality for the undertaking of the urban renewal project involved.

5. (a) Notwithstanding anything contained in this article to the contrary, the commissioner may in the name of the state, within appropriations heretofore or hereafter made for state capital grants to assist in carrying out one or more local urban renewal programs, make or contract to make state capital grants to municipalities to assist in financing the cost of the preparation and completion of one or more community renewal programs.

A community renewal program may include, without being limited to (1) the identification of slum areas or blighted, deteriorated, or deteriorating areas in the community, (2) the measurement of the nature and degree of blight and blighting factors within such areas, (3) determination of the financial, relocation, and other resources needed and available to renew such areas, (4) the identification of potential project areas and, where feasible, types of urban

General Municipal Law
Articles 15 & 18-A, Title 1

renewal action contemplated within such areas, and (5) scheduling or programming of urban renewal activities.

(b) Any such state capital grant shall be in such amount, within appropriations therefor, as the commissioner, in his discretion, may deem necessary to assist the municipality in discharging its obligations in connection with the community renewal program for which the state capital grant shall be made; provided, however, that no such state capital grant shall exceed one-half of the cost to the municipality of undertaking and completing such program, exclusive of any federal or state aid or assistance therefor, as such cost shall be certified by the municipality and approved by the commissioner.

(c) No municipality shall receive any such state capital grant until (1) the community renewal program has been approved by the governing body, (2) such program has been certified as eligible for federal assistance by the appropriate federal agency, and (3) the governing body and the comptroller, or in a municipality having no comptroller, the chief financial officer, have attached their separate approvals to the state grant contract.

(d) All contracts for such state capital grants shall be subject to approval by the state comptroller, and by the attorney general as to form. The commissioner may make advances or progress payments on account of any such state capital grant contract to be made pursuant to this section.

6. (a) Notwithstanding anything to the contrary contained in this section or elsewhere in this chapter, or in any general, special or local law, except as hereinafter provided, the commissioner may, in the name of the state, include in determining the net cost of an urban renewal project for the purpose of computing the amount of state financial assistance to a municipality, those expenditures made by a private voluntary hospital and/or by a private college or private university, within, adjacent to, or in the immediate vicinity of such project which are recognized as non-cash grant-in-aid credits under the provisions of section one hundred twelve of title one of the federal housing act of nineteen hundred forty-nine, as amended and supplemented; provided, however, that such computation shall not apply to any urban renewal project for which a contract has been executed with the federal government for a capital grant (or for a loan and grant) prior to the first day of July, nineteen hundred sixty-six.

(b) Not more than fifteen per centum of the amount appropriated by the state or otherwise available to the commissioner in any year for urban renewal assistance to municipalities and agencies pursuant to this section and section five hundred fifty-seven of this chapter shall be available for the purposes of paragraph (a) of this subdivision.

General Municipal Law
Articles 15 & 18-A, Title 1

(c) In no instance shall the amount of state assistance to a municipality under this subdivision exceed the net project cost, excluding the amount of the non-cash grant-in-aid credits for expenditures made by a private voluntary hospital and/or by a private college or private university allowed in accordance with the provisions of section one hundred twelve of title I of the federal housing act of nineteen hundred forty-nine as amended and supplemented, less any federal capital grant, or loan and grant, for such project; nor shall the aggregate amount of state assistance for any such urban renewal project, including section one hundred twelve grant-in-aid credits as provided by this subdivision, exceed one-half of the total local grant-in-aid requirements necessary to complete such project.

(d) No such section one hundred twelve non-cash grant-in-aid credits shall be included in determining the net cost of an urban renewal project for the purpose of computing the amount of state financial assistance to a municipality unless such expenditures were made in conformity with a plan or undertaking for the clearance, replanning and reconstruction or rehabilitation of a substandard or insanitary area or areas.

(e) Such plan or undertaking, for the clearance, replanning and reconstruction or rehabilitation of a substandard insanitary area adjacent to or in the immediate vicinity of an urban renewal project shall conform to the comprehensive community plan for the development of the community as a whole. Every such plan or undertaking shall be submitted to the commission, if any, for approval. The commission after considering the plan or undertaking may: issue a report of unqualified approval; or issue a report of conditional or qualified approval; or issue a report disapproving same. The plan or undertaking shall be submitted, together with the report of the commission, to the local legislative body for its approval. If the commission shall have issued a report of unqualified approval, the plan or undertaking may be approved in accordance with the report of the commission by a majority vote of the local legislative body. If the commission shall have issued a report disapproving same, or shall have issued a report of conditional or unqualified approval, or shall have failed to make its report within four weeks of the submission of the plan or undertaking to the commission, the local legislative body may, nevertheless, approve the plan or undertaking but only by a three-fourths vote.

§ 511. Authority of municipality; other terms of contract. 1. Any municipality is authorized to enter into agreement with the state to receive such loans, periodic subsidies and state capital grants to assist such municipality to establish and carry out one or more programs of urban renewal.

2. In the case of a loan, the loan contract shall provide that upon any date when an installment of principal shall become due and payable the municipality

General Municipal Law
Articles 15 & 18-A, Title 1

may anticipate any installment which would otherwise become due and payable thereafter.

3. In every contract for a loan and periodic subsidy or for a capital grant by the state, the acts constituting a substantial breach of the provisions set forth therein shall be defined in such terms as the commissioner shall deem to be in the public interest and as are consistent with the provisions of this article and the purposes of the program for which such aid is sought. In any loan contract, the commissioner shall retain the right, among other rights and remedies, in the event of such substantial breach, to declare any unpaid balance to be due forthwith and to reduce or terminate any periodic subsidies payable under the contract.

4. Every such contract may contain such other terms, covenants and conditions as shall be agreed upon and as are consistent with the provisions of this article and the purposes of the urban renewal program.

§ 512. Approval of program by commissioner. No contract for a state loan and periodic subsidy or for a state capital grant shall be executed until the program for which such aid is sought has been approved by the commissioner.

§ 513. Findings by the commissioner. 1. No loan, subsidy or grant shall be made by the state for an urban renewal program unless the commissioner shall find that:

(a) the municipality or agency, as the case may be, has entered into a contract to receive capital grants, or loans and grants, from the federal government under which the municipality is obligated to make local grants-in-aid, or the governing body has found that such federal financial assistance is not necessary for the undertaking and successful completion of the program;

(b) in the case of a state loan, the state loan for which application is made will not exceed one-half of such local grants-in-aid;

(c) in the case of a state capital grant, the state capital grant for which application is made will not exceed one-half of the municipality's share of the net project cost, or, if the municipality has not applied to or entered into a contract with the federal government for advances, loans or grants for a specific project, such grant shall not in any event exceed five hundred thousand dollars (\$500,000);

(d) adequate provision has been made in a relocation program to provide

General Municipal Law
Articles 15 & 18-A, Title 1

housing for the persons and families to be displaced by the urban renewal program;

(e) such program is in conformity with a plan or undertaking for the clearance, replanning, reconstruction and rehabilitation of substandard and insanitary areas and for recreational and other facilities incidental or appurtenant thereto, and

(f) the estimated funds available to the municipality or agency, as the case may be, including any federal loans and grants for the urban renewal program, the local grants-in-aid and the state loan or capital grant will be sufficient to cover all probable costs of the program.

2. Such findings shall be conclusive evidence of the facts therein contained except upon proof of fraud or willful misfeasance by the commissioner.

§ 514. Filing of proposed plans. The municipality or agency, as the case may be, shall file with the commissioner a copy of any proposed urban renewal program assisted by state loans, periodic subsidies or capital grants, embodying the plans, layout, estimated cost and proposed method of financing. Any change made in an urban renewal program assisted by state loans, periodic subsidies or capital grants shall be filed with the commissioner. From time to time prior to completion, and with reasonable promptness after any urban renewal program assisted by state loans, periodic subsidies or capital grants shall have been completed, upon request of the commissioner, the municipality or agency shall file with the commissioner a detailed statement of the cost thereof.

Upon receipt of a copy of a proposed urban renewal program, or any proposed change therein, the commissioner may transmit his criticism and suggestions to the municipality or agency, as the case may be. No change in an urban renewal program assisted by state loans, periodic subsidies or capital grants may be made by a municipality or agency without the approval of the commissioner.

§ 515. Periodic reports. The municipality or agency, as the case may be, shall file with the commissioner periodic reports covering its operations and activities in connection with one or more programs of urban renewal, in such form and from time to time as the commissioner shall prescribe.

§ 516. Intervention by commissioner. In any action or proceeding affecting any urban renewal program, the commissioner shall be given prompt notice thereof, and he shall take such steps in such action or proceeding as may be necessary or desirable to protect the public interest. If, in the opinion of the commissioner, it is necessary or desirable in the public interest that he intervene in any such action or proceeding he shall be permitted to do so as a matter of right. Whenever

General Municipal Law
Articles 15 & 18-A, Title 1

in connection with an urban renewal program, under any instrument or law, a notice in writing is required to be served upon the municipality before the institution of any action or proceeding, a copy of such notice shall be served upon the commissioner at least five days before commencement of the action or proceeding.

§ 517. Disqualification of commissioner, officers and employees. Neither the commissioner, nor any officer or employee in the division of housing shall acquire or hold any interest, direct or indirect, in such state-aided urban renewal program or in any property then or thereafter included or planned to be included in such state-aided urban renewal program, nor shall he retain any interest, direct or indirect, in any property acquired prior to his appointment or employment which is later included, or to his knowledge planned to be included, in such state-aided urban renewal program, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with such state-aided urban renewal program. If the commissioner, or any officer or employee in the division of housing, owns or controls an interest, direct or indirect, in any property included in any such state-aided urban renewal program, or in any contract or proposed contract for materials or services to be furnished or used in connection with such state-aided urban renewal program, he shall disclose such interest and the date of acquisition thereof in writing to the governor and the commissioner, and such disclosure shall be entered in a special record of the division of housing kept for such purpose.

§ 518. Rules and regulations of commissioner. The commissioner shall have the power to make, promulgate, modify, amend and repeal rules and regulations to effectuate his powers and duties under this article. No such rule or regulation shall be effective until it is filed in the office of the department of state.

§ 519. Division of housing as agent of smaller municipalities. For all of the purposes of section one hundred one-b of the housing act of nineteen hundred forty-nine and all federal laws amendatory and supplementary thereto, the division of housing of the state of New York is hereby designated as the local agency established by the state and operating on a state-wide basis in behalf of smaller municipalities undertaking or proposing to undertake a federal program of urban renewal. Designation of the division of housing as such agency shall be subject to approval by resolution or ordinance of the governing body of the municipality in whose behalf the designation is made. The term "smaller municipalities" as used in this section shall be deemed to apply to cities and villages with a population of less than twenty-five thousand and to towns with a population, excluding the incorporated areas thereof, of less than thirty thousand.

Articles 15 & 18-A, Title 1

§ 520. Construction. This article shall be construed liberally to effect the purposes hereof and the enumeration of specific powers in this act shall not operate to restrict the meaning of any general grant of power contained in this chapter or to exclude other powers comprehended in such general grant. In construing this chapter consideration shall be given to its purposes and intent, among others, of consolidating, clarifying and simplifying the respective provisions of the chapters repealed as hereinafter specified in section five hundred twenty-five hereof and of authorizing municipalities to undertake one or more programs of urban renewal with respect to the clearance, replanning, reconstruction, rehabilitation, redevelopment, conservation, restoration or improvement of substandard, insanitary, slum, blighted, deteriorated or deteriorating residential, non-residential, improved or vacant areas, or the remedying of unsuitable topographical, subsoil or other physical conditions which tend to impede the development of such areas, for residential, commercial, industrial, community, public and other uses and to apply for and accept federal or state loans, subsidies or grants in connection therewith. Insofar as the provisions of this article are inconsistent with the provisions of any other general, special or local law, the provisions of this article shall be controlling.

§ 521. Severability. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 522. Pending actions or proceedings. This act or anything contained therein shall not affect or abate any acts, actions, proceedings, civil or criminal, pending at the time this act shall take effect brought by, for or against, the state, the division of housing or any municipality or in pursuance of the provisions of the laws repealed by this act, but all such acts, actions or proceedings may be continued, prosecuted, conducted and completed as if such laws were not repealed but continued to be fully effective.

§ 523. Saving clause. 1. Any urban renewal program commenced or undertaken prior to the effective date of this article, in accordance with and pursuant to, any provision of the general municipal law, or other law in force immediately prior to the effective date of this article, shall in no manner be impaired or affected by the enactment of this article or the repeal of the applicable sections of the general municipal law. As to such urban renewal programs so commenced or undertaken, the provisions of any such law may be deemed continued thereunder until the completion of such program or programs. Nothing herein contained, however, shall prevent a municipality, having so commenced or undertaken an urban renewal program prior to the effective date of this article, from exercising any

General Municipal Law
Articles 15 & 18-A, Title 1

of the rights or powers granted in this article in conjunction with or substitution of the rights and powers of such municipality under any law in force immediately prior to the effective date of this article, until the completion of such program.

2. Any provision in any law, rule, regulation, resolution, contract or other document relating to any right, power or duty of the state or of a municipality and which applied at the time the state or municipality exercised such power or right or performed such duty shall continue to apply notwithstanding any provision to the contrary of this article.

3. An act of the legislature of the year nineteen hundred sixty-one which in form amends or repeals or purports to amend or repeal any provision or provisions of section seventy-two-k, seventy-two-l, seventy-two-m, seventy-two-n, or seventy-two-o of the general municipal law as in force at the time this act shall take effect shall be deemed and construed as an amendment or repeal, as the case may be, of the corresponding provision or provisions of such sections or law, as contained in this article.

4. An act of the legislature of the year nineteen hundred sixty-one, which adds or purports to add a new section, subdivision or other provision of law to sections seventy-two-k, seventy-two-l, seventy-two-m, seventy-two-n or seventy-two-o of the general municipal law as in force at the time this act shall take effect shall be deemed and construed as having been added to this act and shall be given full effect according to its context as if the same had been added expressly and in terms to this act and shall be deemed and construed to have been inserted in this act in the appropriate position in regard to and as modifying the effect of the corresponding provision or provisions of this article.

5. Reference in any general, special or local law, county, city or village charter or other special form of government, ordinance, resolution, rule, regulation or document or in any act of the legislature of the year nineteen hundred sixty-one to sections seventy-two-k, seventy-two-l, seventy-two-m, seventy-two-n or seventy-two-o of the general municipal law as in force at the time this act shall take effect shall be deemed and construed to refer to the corresponding provision of this article and shall be given full effect according to its terms as thereof specifically referring to such corresponding section or other provision of this article.

§ 524. Validation. All proceedings, acts and things undertaken, performed or done by any municipality or the state division of housing pursuant to sections seventy-two-k, seventy-two-l, seventy-two-m, seventy-two-n and seventy-two-o of the general municipal law or done with reference thereto are hereby validated, ratified, confirmed, approved and declared legal in all respects, notwithstanding

any want of statutory authority or any defect or irregularity in such acts or proceedings.

§ 525. Laws repealed. Of the laws enumerated in the schedule hereto annexed, that portion specified in the last column is hereby repealed, except as provided in section five hundred twenty-two.

(c) indicate the dates when PILOT payments are to be made and provide an estimate of the amounts for each affected tax jurisdiction of any payments in lieu of taxes that are included as part of the transaction, or formula or formulas by which those amounts may be calculated. In lieu of providing such information, a copy of an executed payment in lieu of tax agreement that contains the same information may be attached to the uniform agency project agreement;

(e) provide for the suspension or discontinuance of financial assistance, or for the modification of any payment in lieu of tax agreement to require increased payments, in accordance with policies developed by the agency pursuant to section eight hundred seventy-four of this title;

General Municipal Law
Articles 15 & 18-A, Title 1

notes and to carry out any such contract. Moneys held in trust or otherwise for the payment of bonds or notes or in any way to secure bonds or notes and deposits of such moneys may be secured in the same manner as moneys of the agency, and all banks and trust companies are authorized to give such security for such deposits.

§ 861. Notification of budget. Each agency shall mail or deliver to the chief executive officer and the governing body of the municipality for whose benefit the agency was established and make available for public inspection and comment its proposed budget for the forthcoming fiscal year, no later than twenty business days before adoption. At such time, the agency shall file its proposed budget with the clerk of the municipality for whose benefit the agency was established. Such proposed budget shall contain detailed estimates in writing of the amount of revenues to be received and expenditures to be made during the forth coming fiscal year. Following its consideration of the comments received, the agency may revise its budget accordingly and shall file the revised budget with the clerk of the municipality.

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

(2) (a) Except as provided in paragraph (b) of this subdivision, no financial assistance of the agency shall be provided in respect of any project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost. For the purposes of this article, "retail sales" shall mean: (i) sales by a registered vendor under article twenty-eight of the tax law primarily engaged in the retail sale of tangible personal property, as defined in subparagraph (i) of paragraph four of subdivision (b) of section eleven hundred one of the tax law; or (ii) sales of a service to such customers. Except, however, that tourism destination projects shall not be prohibited by this subdivision. For the purpose of this paragraph, "tourism destination" shall mean a location or facility which is likely to attract a significant number of visitors from outside the economic development region as established by section two hundred thirty of the economic development law, in which the project is located.

General Municipal Law
Articles 15 & 18-A, Title 1

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, financial assistance may, however, be provided to a project where facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost, where: (i) the predominant purpose of the project would be to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the city, town, or village within which the proposed project would be located because of a lack of reasonably accessible retail trade facilities offering such goods or services; or (ii) the project is located in a highly distressed area.

(c) With respect to projects authorized pursuant to paragraph (b) of this subdivision, no project shall be approved unless the agency shall find after the public hearing required by section eight hundred fifty-nine-a of this title that undertaking the project will serve the public purposes of this article by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the state. Where the agency makes such a finding, prior to providing financial assistance to the project by the agency, the chief executive officer of the municipality for whose benefit the agency was created shall confirm the proposed action of the agency.

§ 862-a. Additional restrictions on funds of the agency in connection with continuing care retirement communities. No resolution authorizing the issuance of bonds, notes or other obligations of the agency, or for providing financial assistance in any respect, for any continuing care retirement community project shall be adopted unless and until the project has received a certificate of authorization pursuant to section forty-six hundred four-a of the public health law, and unless the project will serve the public purposes of this article by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the state.

§ 864. Bonds of the agency. (1) The agency shall have the power and is hereby authorized from time to time to issue negotiable bonds for any of its corporate purposes without limitation as to amount. The agency shall have power from time to time and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other purpose hereinabove described. The refunding bonds may be exchanged for the bonds to be refunded, with such cash adjustments as may be agreed, or may be sold and the proceeds applied to the purchase or redemption of the bonds to be refunded. Except as may otherwise be expressly provided by the agency, the bonds of every issue shall be special obligations of the agency payable solely from revenues derived from the leasing, sale or other disposition of a project, subject only to any agreements with the holders of particular bonds pledging any particular moneys or revenues. Whether or not the bonds are of such form and

General Municipal Law
Articles 15 & 18-A, Title 1

character as to be negotiable instruments under article eight of the uniform commercial code, the bonds shall be, and are hereby made, negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

(2) The bonds shall be authorized by resolution of the agency and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America at such place or places, either within or without the state, and be subject to such terms of redemption as such resolution or resolutions may provide. The bonds may be sold at public or private sale at such price or prices as the agency shall determine.

(3) Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds thereby authorized, as to:

(a) pledging all or any part of the revenues derived from the leasing, sale or other disposition of a project or projects to secure the payment of the bonds, subject to such agreements with bondholders as may then exist;

(b) the rentals, fees, and other charges to be charged, and the amounts to be raised in each year thereby, and the use and disposition of the revenues;

(c) the setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(d) limitations on the right of the agency to restrict and regulate the use of a project;

(e) limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the bonds or any issue of the bonds;

(f) the terms upon which additional bonds may be issued and secured; the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

General Municipal Law
Articles 15 & 18-A, Title 1

(h) vesting in a trustee or trustees such property, rights, powers and duties in trust as the agency may determine which may include any or all the rights, powers and duties of the trustees appointed by the bondholders and limiting or abrogating the right of the bondholders to appoint a trustee or limiting the rights, duties and powers of trustee;

(i) any other matters, of like or different character, which in any way affect the security or protection of the bonds.

§ 866. Notes of the agency. The agency shall have power from time to time to issue notes and from time to time to issue renewal notes (herein referred to as notes) maturing not later than five years from their respective original dates for any purpose or purposes for which bonds may be issued, whenever the agency shall determine that payment thereof can be made in full from any moneys or revenues which the agency expects to receive from any source. The agency may secure the notes in the same manner and with the same effect as herein provided for bonds. The notes shall be issued in the same manner as bonds. The agency shall have power to make contracts for the future sale from time to time of the notes, by which the purchasers shall be committed to purchase the notes from time to time on terms and conditions stated in such contracts, and the agency shall have power to pay such consideration as it shall deem proper for such commitments. In case of default on its notes or violation of any of the obligations of the agency to the noteholders, the noteholders shall have all the remedies provided herein for bondholders. Such notes shall be as fully negotiable as the bonds of the agency.

§ 868. Agreements of the municipality and state. The municipality is authorized to, and the state does hereby, pledge to and agree with the holders of the bonds or notes that neither the municipality nor the state, respectively, will limit or alter the rights, hereby vested in the agency to acquire, construct, reconstruct, improve, maintain, equip and furnish the project or projects, to establish and collect rentals, fees and other charges and to fulfill the terms of any agreements made with the holders of the bonds or notes nor in any way impair the rights and remedies of the bondholders or noteholders until the bonds or notes, together with interest thereon, with interest on any unpaid installments of interest and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders or noteholders are fully met and discharged.

§ 870. State and municipality not liable on bonds or notes. The bonds or notes and other obligations of the authority shall not be a debt of the state or of the municipality, and neither the state nor the municipality shall be liable thereon, nor shall they be payable out of any funds other than those of the agency.

General Municipal Law
Articles 15 & 18-A, Title 1

§ 872. Bonds and notes as legal investment. The bonds and notes are hereby made securities in which all public officers and bodies of this state and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and all other persons whatsoever except as hereinafter provided, who are now or may hereafter be authorized to invest in bonds or notes or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds or notes are also hereby made securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds or other obligations of this state is now or may hereafter be authorized.

§ 874. Tax exemptions. (1) It is hereby determined that the creation of the agency and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state of New York and is a public purpose, and the agency shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall be required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction or control or supervision or upon its activities. Provided, however, if the agency is located within a transportation district referenced in paragraph (a) of subdivision two of section two hundred fifty-three of the tax law, it shall not be exempt from the additional tax on each mortgage of real property situated within the state imposed by such paragraph.

(2) Any bonds or notes issued pursuant to this title, together with the income therefrom, as well as the property of the agency, shall be exempt from taxation, except for transfer and estate taxes.

(3) Payments in lieu of taxes received by the agency shall be remitted to each affected tax jurisdiction within thirty days of receipt.

(4) (a) The agency shall establish a uniform tax exemption policy, with input from affected tax jurisdictions, which shall be applicable to the provision of financial assistance pursuant to section eight hundred fifty-nine-a of this chapter and shall provide guidelines for the claiming of real property, mortgage recording, and sales tax exemptions. Such guidelines shall include, but not be limited to: period of exemption; percentage of exemption; types of projects for which exemptions can be claimed; procedures for payments in lieu of taxes and instances in which real property appraisals are to be performed as a part of an

**General Municipal Law
Articles 15 & 18-A, Title 1**

application for tax exemption; in addition, agencies shall in adopting such policy consider such issues as: the extent to which a project will create or retain permanent, private sector jobs; the estimated value of any tax exemptions to be provided; whether affected tax jurisdictions shall be reimbursed by the project occupant if a project does not fulfill the purposes for which an exemption was provided; the impact of a proposed project on existing and proposed businesses and economic development projects in the vicinity; the amount of private sector investment generated or likely to be generated by the proposed project; the demonstrated public support for the proposed project; the likelihood of accomplishing the proposed project in a timely fashion; the effect of the proposed project upon the environment; the extent to which the project will utilize, to the fullest extent practicable and economically feasible, resource conservation, energy efficiency, green technologies, and alternative and renewable energy measures; the extent to which the proposed project will require the provision of additional services, including, but not limited to additional educational, transportation, police, emergency medical or fire services; and the extent to which the proposed project will provide additional sources of revenue for municipalities and school districts.

(b) The agency shall establish a procedure for deviation from the uniform tax exemption policy required pursuant to this subdivision. The agency shall set forth in writing the reasons for deviation from such policy, and shall further notify the affected local taxing jurisdictions of the proposed deviation from such policy and the reasons therefor.

(5) Payments in lieu of taxes which are delinquent under the agreement or which an agency fails to remit pursuant to subdivision three of this section, shall be subject to a late payment penalty of five percent of the amount due which shall be paid by the project occupant (where taxes are delinquent because of the occupant's failure to make the required payment) or the agency (because of the agency's failure to remit pursuant to subdivision three of this section) to the affected tax jurisdiction at the time the payment in lieu of taxes is paid. For each month, or part thereof, that the payment in lieu of taxes is delinquent beyond the first month, interest shall accrue to and be paid to the affected tax jurisdiction on the total amount due plus a late payment penalty in the amount of one percent per month until the payment is made.

(6) An affected tax jurisdiction which has not received a payment in lieu of taxes due to it under an agreement may commence legal action in any court of competent jurisdiction directly against any person, firm, corporation, organization or agency which is obligated to make payments in lieu of taxes under an agreement and has failed to do so. In such an action, the affected tax jurisdiction shall be entitled to recover the amount due, the late payment penalty, interest, expenses, costs and disbursements together with the reasonable attorneys' fees necessary to prosecute such action. Nothing herein shall be

General Municipal Law
Articles 15 & 18-A, Title 1

construed as providing an affected tax jurisdiction with the right to sue and recover from an agency which has not received payments in lieu of taxes from a project occupant.

(7) Any refinancing of a project shall be subject to the provisions of section eight hundred fifty-nine-a of this chapter, except where such refinancing was previously approved pursuant to such section.

(8) Agents of an agency and project operators shall annually file a statement with the state department of taxation and finance, on a form and in such a manner as is prescribed by the commissioner of taxation and finance, of the value of all sales and use tax exemptions claimed by such agents or agents of such agents or project operators, including, but not limited to, consultants or subcontractors of such agents or project operators, under the authority granted pursuant to this section. The penalty for failure to file such statement shall be the removal of authority to act as an agent of an agency or a project operator.

(9) (a) Within thirty days of the date that the agency designates a project operator or other person to act as agent of the agency for purposes of providing financial assistance consisting of any sales and compensating use tax exemption to such person, the agency shall file a statement with the department of taxation and finance relating thereto, on a form and in such manner as is prescribed by the commissioner of taxation and finance, identifying each such agent so named by the agency, setting forth the taxpayer identification number of each such agent, giving a brief description of the property and/or services intended to be exempted from such taxes as a result of such appointment as agent, indicating the agency's rough estimate of the value of the property and/or services to which such appointment as agent relates, indicating the date when such designation as agent became effective and indicating the date upon which such designation as agent shall cease.

(b) Within thirty days of the date that the agency's designation described in paragraph (a) of this subdivision has been amended, terminated, been revoked, or become invalid or ineffective for any reason, the agency shall file a statement with the department of taxation and finance relating thereto, on a form and in such manner as is prescribed by the commissioner of taxation and finance, identifying each such agent so named by the agency in the original designation and setting forth the taxpayer identification number and other identifying information of each such agent, the date as of which the original designation was amended, terminated, revoked, or became invalid or ineffective and the reason therefor, together with a copy of the original designation.

(10) Each agency shall develop policies for the suspension or discontinuance of financial assistance, or for the modification of any payment in lieu of tax

General Municipal Law
Articles 15 & 18-A, Title 1

agreement to require increased payments under circumstances as specified in the policy, which may include but shall not be limited to events of material violation of the terms and conditions of a project agreement.

(11) Each agency shall develop policies for the return of all or a part of the financial assistance provided for the project, including all or part of the amount of any tax exemptions, as specified in the policy, which may include but shall not be limited to material shortfalls in job creation and retention projections or material violations of the terms and conditions of project agreements. All such returned amounts of tax exemptions shall be redistributed to the appropriate affected tax jurisdiction, unless agreed to otherwise by any local taxing jurisdiction.

(12) Each agency shall at least annually assess the progress of each project for which bonds or notes remain outstanding or straight-lease transactions have not terminated, or which continue to receive financial assistance or are otherwise active, toward achieving the investment, job retention or creation, or other objectives of the project indicated in the project application. Such assessments shall be provided to board members.

§ 875. Special provisions applicable to state sales and compensating use taxes and certain types of facilities. 1. For purposes of this section: "state sales and use taxes" means sales and compensating use taxes and fees imposed by article twenty-eight or twenty-eight-A of the tax law but excluding such taxes imposed in a city by section eleven hundred seven or eleven hundred eight of such article twenty-eight. "IDA" means an industrial development agency established by this article or an industrial development authority created by the public authorities law. "Commissioner" means the commissioner of taxation and finance.

2. An IDA shall keep records of the amount of state and local sales and use tax exemption benefits provided to each project and each agent or project operator and shall make such records available to the commissioner upon request. Such IDA shall also, within thirty days of providing financial assistance to a project that includes any amount of state sales and use tax exemption benefits, report to the commissioner the amount of such benefits for such project, the project to which they are being provided, together with such other information and such specificity and detail as the commissioner may prescribe. This report may be made in conjunction with the statement required by subdivision nine of section eight hundred seventy-four of this title or it may be made as a separate report, at the discretion of the commissioner. An IDA that fails to make such records available to the commissioner or to file such reports shall be prohibited from providing state sales and use tax exemption benefits for any project unless and until such IDA comes into compliance with all such requirements.

General Municipal Law
Articles 15 & 18-A, Title 1

3. (a) An IDA shall include within its resolutions and project documents establishing any project or appointing an agent or project operator for any project the terms and conditions in this subdivision, and every agent, project operator or other person or entity that shall enjoy state sales and use tax exemption benefits provided by an IDA shall agree to such terms as a condition precedent to receiving or benefiting from such state sales and use exemptions benefits.

(b) The IDA shall recover, recapture, receive, or otherwise obtain from an agent, project operator or other person or entity state sales and use exemptions benefits taken or purported to be taken by any such person to which the person is not entitled or which are in excess of the amounts authorized or which are for property or services not authorized or taken in cases where such agent or project operator, or other person or entity failed to comply with a material term or condition to use property or services in the manner required by the person's agreement with the IDA. Such agent or project operator, or other person or entity shall cooperate with the IDA in its efforts to recover, recapture, receive, or otherwise obtain such state sales and use exemptions benefits and shall promptly pay over any such amounts to the IDA that it requests. The failure to pay over such amounts to the IDA shall be grounds for the commissioner to assess and determine state sales and use taxes due from the person under article twenty-eight of the tax law, together with any relevant penalties and interest due on such amounts.

(c) If an IDA recovers, recaptures, receives, or otherwise obtains, any amount of state sales and use tax exemption benefits from an agent, project operator or other person or entity, the IDA shall, within thirty days of coming into possession of such amount, remit it to the commissioner, together with such information and report that the commissioner deems necessary to administer payment over of such amount. An IDA shall join the commissioner as a party in any action or proceeding that the IDA commences to recover, recapture, obtain, or otherwise seek the return of, state sales and use tax exemption benefits from an agent, project operator or other person or entity.

(d) An IDA shall prepare an annual compliance report detailing its terms and conditions described in paragraph (a) of this subdivision and its activities and efforts to recover, recapture, receive, or otherwise obtain state sales and use exemptions benefits described in paragraph (b) of this subdivision, together with such other information as the commissioner and the commissioner of economic development may require. The report required by this subdivision shall be filed with the commissioner, the director of the division of the budget, the commissioner of economic development, the state comptroller, the governing body of the municipality for whose benefit the agency was created, and may be included with the annual financial statement required by paragraph (b) of subdivision one of section eight hundred fifty-nine of this title. Such report required by this

General Municipal Law
Articles 15 & 18-A, Title 1

subdivision shall be filed regardless of whether the IDA is required to file such financial statement described by such paragraph (b) of subdivision one of section eight hundred fifty-nine. The failure to file or substantially complete the report required by this subdivision shall be deemed to be the failure to file or substantially complete the statement required by such paragraph (b) of subdivision one of such section eight hundred fifty-nine, and the consequences shall be the same as provided in paragraph (e) of subdivision one of such section eight hundred fifty-nine.

(e) This subdivision shall apply to any amounts of state sales and use tax exemption benefits that an IDA recovers, recaptures, receives, or otherwise obtains, regardless of whether the IDA or the agent, project operator or other person or entity characterizes such benefits recovered, recaptured, received, or otherwise obtained, as a penalty or liquidated or contract damages or otherwise. The provisions of this subdivision shall also apply to any interest or penalty that the IDA imposes on any such amounts or that are imposed on such amounts by operation of law or by judicial order or otherwise. Any such amounts or payments that an IDA recovers, recaptures, receives, or otherwise obtains, together with any interest or penalties thereon, shall be deemed to be state sales and use taxes and the IDA shall receive any such amounts or payments, whether as a result of court action or otherwise, as trustee for and on account of the state.

4. The commissioner shall deposit and dispose of any amount of any payments or moneys received from or paid over by an IDA or from or by any person or entity, or received pursuant to an action or proceeding commenced by an IDA, together with any interest or penalties thereon, pursuant to subdivision three of this section, as state sales and use taxes in accord with the provisions of article twenty-eight of the tax law. The amount of any such payments or moneys, together with any interest or penalties thereon, shall be attributed to the taxes imposed by sections eleven hundred five and eleven hundred ten, on the one hand, and section eleven hundred nine of the tax law, on the other hand, or to any like taxes or fees imposed by such article, based on the proportion that the rates of such taxes or fees bear to each other, unless there is evidence to show that only one or the other of such taxes or fees was imposed or received or paid over.

5. The statement that an IDA is required by subdivision nine of section eight hundred seventy-four of this article to file with the commissioner shall not be considered an exemption or other certificate or document under article twenty-eight or twenty-nine of the tax law. The IDA shall not represent to any agent, project operator, or other person or entity that a copy of such statement may serve as a sales or use tax exemption certificate or document. No agent or project operator may tender a copy of such statement to any person required to collect sales or use taxes as the basis to make any purchase exempt from tax. No such person required to collect sales or use taxes may accept such a statement in lieu of collecting any tax required to be collected. The civil and criminal penalties

General Municipal Law
Articles 15 & 18-A, Title 1

for misuse of a copy of such statement as an exemption certificate or document or for failure to pay or collect tax shall be as provided in the tax law. In addition, the use by an IDA or agent, project operator, or other person or entity of such statement, or the IDA's recommendation of the use or tendering of such statement, as such an exemption certificate or document shall be deemed to be, under articles twenty-eight and thirty-seven of the tax law, the issuance of a false or fraudulent exemption certificate or document with intent to evade tax.

6. The commissioner is hereby authorized to audit the records, actions, and proceedings of an IDA and of its agents and project operators to ensure that the IDA and its agents and project operators comply with all the requirements of this section. Any information the commissioner finds in the course of such audit may be used by the commissioner to assess and determine state and local taxes of the IDA's agent or project operator.

7.
