## Additional Comments:

Certain items in the audited financial statements have been reclassified to conform to the line item descriptions in the Summary of Financial Information. In addition, Subsidies to Other Public Authorities include \$62,000,000 related to the Canals Reimbursement Agreement. Grants and Donations of \$91,000,000 represent voluntary contributions to NYS authorized by legislation and approved by the Authority's Trustees. Other Operating Expenses include payments of \$110,000 to notforprofit entities for sponsorships, donations, etc. which are reported as operating expenses in the Authority's audited financial statements presented in conformity with GAAP. Payments charged to capital projects (mostly relicensing) are excluded from these amounts since they are capitalized.
