INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Seneca County Economic Development Corporation

Report on the Financial Statements

We have audited the accompanying financial statements of the Seneca County Economic Development Corporation (the Corporation), which comprise the combined statement of financial position as of December 31, 2015 and 2014, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Seneca County Economic Development Corporation as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2016 on our consideration of the Seneca County Economic Development Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Seneca County Economic Development Corporation's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

(Note 1) Summary of Significant Accounting Policies:

The financial statements have been prepared on the accrual basis of accounting. Revenues are recognized when earned. Expenditures are recognized when materials or services are received.

A. Organization

The Seneca County Economic Development Corporation, New York (the Corporation) was reincorporated as a nonprofit local development corporation on August 31, 2000. The purposes for which the Corporation is to be formed and operated, are exclusively for charitable purposes within the meaning of Section 501(c) (3) of the Internal Revenue Code, to relieve and reduce unemployment, promote and provide for additional and maximum employment, to better and maintain job opportunities, lessen the burdens of government and act in the public interest.

B. Basis of Presentation

The Seneca County Economic Development Corporation, New York prepares its financials following the Not-For-Profit Entities Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), the Seneca County Economic Development Corporation, New York is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Seneca County Economic Development Corporation, New York is required to present a Statement of Cash Flows. The Corporation has no temporarily or permanently restricted net assets at December 31, 2015.

C. Cash

Cash and cash equivalents are carried at cost plus accrued interest, which approximates fair value. For purposes of presenting the statement of cash flows, the Corporation considers all highly liquid short-term investments with maturities of three months or less from the date of purchase to be cash or cash equivalents.

D. Income Taxes

The Corporation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Under Accounting Standards Codification (ASC) Topic 740, the tax status of tax-exempt entities is an uncertain tax position since events could potentially occur that jeopardize tax-exempt status. Management is not aware of any events that could jeopardize the Corporation's tax-exempt status. Therefore, no liability or provision for income tax has been reflected in the financial statements. The Corporation files an IRS Form 990 Return of Organization Exempt from Income Tax annually. These forms filed for the years ending 2012, 2013, and 2014 are subject to examination by the IRS, generally for 3 years after they were filed.

E. Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on the functional basis in the financial statements. Accordingly, certain costs have been allocated among the program and supporting services benefited.

(Note 1) (Continued)

F. Loans Receivable

Loans receivable are stated at principal balances net of the amounts deemed by management to be uncollectible.

Interest on loans is recognized over the term of the loan and is calculated using the simple-interest method on principal amounts outstanding.

G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. Revenues

The Corporation receives grants from New York State for various economic development programs in Seneca County. These grants are received by the Seneca County Economic Development Corporation then passed through to other organizations once the conditions of the grants are met.

The Corporation receives rental income from Finger Lakes Rail Company for storage of cars on the Depot property.

(Note 2) Detail Notes on All Funds and Account Groups:

Deposits and investments consisted of:

Deposits - All deposits including certificates of deposit are carried at cost.

Custodial credit risk is the risk that in the event of bank failure, the Corporation's deposits may not be returned to it. While the Corporation does not have a specific policy for custodial credit risk, New York State statutes govern the Corporation's investment policies, as discussed previously in these notes.

**Report on Internal Control Over Financial Reporting
And on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance
With *Government Auditing Standards***

Independent Auditors' Report

To the Board of Directors
Seneca County Economic Development Corporation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seneca County Economic Development Corporation (the Corporation), which comprise the combined statement of financial position as of December 31, 2015 and 2014, and the related combined statements of activities and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Seneca County Economic Development Corporation's financial statements, and have issued our report thereon dated March 3, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Seneca County Economic Development Corporation's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Seneca County Economic Development Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Seneca County Economic Development Corporation's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses - #2015-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Seneca County Economic Development Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Corporation's Response to Findings

Seneca County Economic Development Corporation's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. Seneca County Economic Development Corporation's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
